

"One day"

1.

I don't want to see love dying,
after all the years we've been together now,
but when I've gone, I'll be waiting to meet you.

2.

There will be a place in heaven,
where both of us can live in peace with God above,
that day will come, we'll be together, for ever.

Chorus

**One day, when we go through that door,
one day, when there'll be so much more,
No dying, no crying.
One day, Jesus will make us free,
one day, for all eternity,
together, for ever.**

3.

And when the sun goes down on our lives,
Jesus will be there to take our fears away,
and we'll see, a dawning, a new morning.

Chorus

**One day, when we go through that door,
one day, when there'll be so much more,
No dying, no crying.
One day, Jesus will make us free,
one day, for all eternity,
together, for ever.**

B

I know you didn't always like my style,
not ev'rything I did just made you smile.
And even in those times we felt alone,
God brought us back, and our love has grown.

Chorus

**One day, when we go through that door,
one day, when there'll be so much more,
No dying, no crying.
One day, Jesus will make us free,
one day, for all eternity,
together, for ever.**
